GRAYLING, MICHIGAN, OCTOBER 30, 1930

NUMBER 45

## Says WILL ROGERS

BEVERLY HILLS.—Well all I know is just what I read in the papers. I was just sitting reading a very beautiful horse magazine called "Polo." It is the issue that tells of the great international match played between England and America, and it gives the very detail of each play, and also tells of the sale of the horses after the match. You know I was just thinking it might be interesting to some of you to know something especially about the horses, for you don't have to be a Polo Nut to be interested in good horses.

There was \$335,000 worth of horses sold at public auction after the games. The British sold 48 head for \$189,400. The Americans 36 head for \$73,000 and the Australians 25 head for \$77,600. The British averaged pretty near \$4,000 a horse. The Americans only about \$2,000 and the Australians \$3,000. White Slave, an English bred mare played by the English, brought \$13,000. Bucks, that was the top price, bought by Laddie Sandford. Lady Luck, another English one, owned and played by Lewis Lacey, the great Argentine and English Player, brought \$10,000, and an Australian mare, Isabel, \$10,000. Course lots of them brought \$1,500, and a thousand, but even at that price you are sitting on quite an expensive hunk of horseflesh. And you can't always tell the ones you give the more for may not turn out to be the best. The reason the Americans didn't bring as much was the fact that most of the best horses played by the American team was privately owned and was not put up for sale at all. The ones sold were just the ones that were owned by the Polo Association.

The games are pulled off under the management of the U.S. Polo Association. They guarantee the British team their transportation and expenses and all which is taken out of the Gate receipts, and this year the Association had themselves bought up quite a string of Ponies for our team. Heretofore they had depended entirely on the generosity of other players loaning their best horses to the big team, but this year they bought some themselves, and sold them after the games. Of course some individuals sold their horses. Charley Wrightman a fine young sportsman and member of our Club out here on the coast was good enough to mount Eric Pedley, the sensation of the games, and a fellow Coast Player. Eric had come back there to try out a time or two before in international matches, but he never had a proper chance for he was properly mounted, but this time Charley sent back twenty head just for Eric to play through the test matches on.

You know a horse is really from 60 to 70 percent of the game. That about the ratio the Experts figure it. If you can't beat a man to the ball why there is no use going. Its speed, and more speed that counts with those big League fellows. Us Punks can lope around and have a lot of fun on a pack of old Hounds, but if we was among those fast fellows we would get run over.

Most of the Horses that make those big games are Thoroughbreds, or three quarters. An awful lot of them are bred and raised on Western ranches, and lots of them have run cattle. Polo had not only been a recreation or hobby of a lot of rich people, but it's been a God-send to the Horse business. It has done more to establish the breeding of good horses than even racing have. Now it is a big business, and there is dozens of men just prowling all over the west buying likely "fores" for Polo. The game is growing fast and the demand for horses so great that it's a real business now.

All the Colleges have taken up Polo now, and that's a great boost for it, and this thing of it costing all this money is a lot of Hokey. You can buy three or four old fifty dollar crow bates and have as much fun with the game as Jock Whitney, or Laddie Sandford, who each have perhaps a quarter to a half million just in their Polo Strings alone. That half million to them is just like us buying an extra bowl of Chili. The boy on the sand lot gets just as big a kick out of a home run as Babe Ruth, and the Polo Player on a hired horse gets just as much kick out of making a goal as Hitchcock.

It's a great game, and it learns you to ride quicker than anything on earth for when you start hitting at the ball you forget about how you are going to stay on, you just do it unconsciously. Age don't keep you from playing it. Arthur Brisbane's Father in law, Steward Carey, he is in his seventies. Plays twice a week at Meadowbrook. I was 61 Saturday, and played Sunday, (after coming from Sunday School). I didn't play good, but I had as much fun missing, as the others did hitting. I am going to play till my whiskers get tangled up in the horses tail.

## GENERAL ELECTION NEXT TUESDAY

SHARP CONTESTS SHOULD DRAW OUT BIG VOTE

Next Tuesday, November 4th is election day which offers not only a privilege of helping to elect the officers whom are to administer the affairs of our commonwealths but it is the duty of everyone who may be enfranchised to exercise the ballot. Then and only then can there be a representative selection.

There is no need of repeating here the names of the offices to be voted for nor the names of the several candidates. For the convenience of our readers we are publishing on another page in this issue of the Avalanche a copy of the official ballot. With that before you there is opportunity to study the ballot and practically determine just how you wish to vote before you go to the polls.

It is not the purpose of the Avalanche to offer any suggestions as to whom to vote for on this ticket. There is no specific issue involved among the candidates for any office and is quite generally a matter of personalities. The wet and dry question does not exist in this campaign unless it might be in the selection of U. S. senator and congressman. They are the only two officials who may have any influence in that matter. These two represent our people in Congress, the place where statutes governing such issues arise and where they are settled. State, district and county officers have no voice in that matter. We understand that Wendell for U. S. senator and Haller for congress both on the Democratic ticket are wets. The voter must determine whether or not that principle can overbalance the other policies and abilities of Senator Couzens and Congressman Woodruff, the Republican candidates.

The candidate on the Republican and Democratic county ballots are well known to practically everyone here. Most of the candidates have reached the voters either in person or otherwise and no doubt by this time the people are quite decided just which ones they wish to vote for. All we hope for is that those who would serve the county best will win.

The Amendments  
Much has already been said in this paper regarding the amendments. In our opinion there is only one that has unquestioned merit. That is the one providing for \$3,000 Homestead exemption, an increase from \$1,500. The one providing for the election of township officials bi-annually in metropolitan districts would have no effect on communities of the size of ours.

There are two amendments, however that in our opinion should be defeated. The one providing for reapportionment, if adopted, would apparently give Wayne county an unfair advantage over state affairs. That would bring about a condition similar to the one where the tail wagged the dog. In our opinion of last week we quite fully offered our views on the matter. Also the amendment providing for the participation of the State in the widening, straightening and lowering of lakes and streams for the purpose of drainage. This looks like an innocent question but in our opinion it is loaded with dynamite. It would open an avenue to lavish and needless expenditures. We believe it would be a hard blow to the taxpayers of the state and believe this should be defeated.

The questions submitted on the Amendment ballot are long and confusing and we believe that in case a person is uncertain just which way to vote that it would be safer to vote NO on every question. That could do little harm at least, and a YES vote in the wrong place might do a lot of damage. We trust that every amendment ballot will be voted and

1-Basilica of St. Francis of Assisi in which King Boris of Bulgaria and Princess Giovanna of Italy were married. 2-John Phillip Frey of Ohio, labor educator and leader of organized labor, mentioned as possible successor of Secretary of Labor James J. Davis. 3-Hundred thousand dollar beacon for lake vessels being dedicated near Detroit as a memorial to William Livingstone, a veteran shipper of the Great Lakes.

## VOTE NO ON RE-APPORTIONMENT

The amendment relative to the "Number and Apportionment of Representatives and Senators in the State Legislature" is coming in for widespread condemnation throughout the State outside of Wayne and Kent counties.

The red danger light is out all over the State warning the voters against this dangerous measure. The Ingham County News, Mason, offers the following clear-cut explanation in reference to the proposed amendment:

"The proposed amendment is sponsored by Detroit and Wayne county interests. A determined effort is being made to enlist the support of other industrial centers including Pontiac, Flint, Saginaw, Grand Rapids, Lansing, Jackson, Battle Creek, Kalamazoo and other cities. Wayne county tax money is being used in an extensive campaign intended to arouse every voter in Wayne county and as many in the other cities named as may be influenced."

"The issue is clean cut. It is plainly that of Detroit versus the remainder of the state. There should be no doubt in the mind of any voter outside the Detroit metropolitan district as to how his or her vote should be cast."

"For years Detroit and Wayne county have carried on a campaign against alleged abuses heaped upon that city and county by reason of the fact that section has been denied its fair proportion of representation. Such claims are bosh and have no foundation whatever. Wayne county has never been imposed upon in taxation matters. In truth it is quite probable that Detroit is taxed less in proportion to its true wealth than other parts of the state. The fact that Wayne county may pay 40 per cent or 48 per cent or eventually sixty per cent means nothing except that assessable property to that amount has been discovered by the assessing officers. Detroit is a rapidly growing city with tremendous commercial

that none will be folded up without being voted at all. The big fight is on the reapportionment question. Wayne county politicians are using every effort to put it over, and are offering some pretty strong arguments but we honestly believe that for every one in its favor there are many to offset it.

Be careful how you vote. The election polls open at 7:00 a. m. and close at 6:00 p. m.

## SCHOOL HOLDS INTERCLASS CONTESTS

ENDS DAY WITH BANQUET IN THE EVENING

The annual interclass contests, including flag rush and banquet were held Thursday afternoon. It was a great day in which the pupils of the High school took part and which was witnessed by the faculty and pupils of all grades. Many spirited contests were pulled off each showing great class rivalry.

The rope-tieing contest was between the boys of the senior and junior classes and was won by the seniors.

The tug-of-war was between the 8th and 7th grades and was won by the 7th graders.

The horse-riding contest was participated in by boys of all grades and was won by the sophomores.

The flag rush, the big event of the day was won by the sophomores and juniors in contest with the seniors and freshmen.

Rally And Banquet

On Thursday evening, there was the annual school rally, in the dining rooms of the Michelson Memorial church, when approximately two hundred and forty teachers and students participated in a well-arranged and well-served dinner. The guests of honor were the Rev. Fr. Culligan, Rev. J. W. and Mrs. Greenwood, Dr. and Mrs. Keyport, Mr. and Mrs. C. J. Mc Namara, and Mr. M. A. Bates. All members of the School Board and wives had been invited, but some were unable to attend.

Superintendent Burns proved a very genial toast-master and after the usual school cheers and songs interspersed and led by Miss McAllister and Nel Olson, he introduced Jerome Kesseler, who in very appropriate words gave the address of welcome to the Freshman class. Brad Jarmin followed with the theme "The Ideal Student," and gave a splendid resume of what should be the characteristics of an ideal student. Mr. Cushman gave a unique analogy on Life and Athletics showing how athletics could carry over into the game of life. He predicted a winning team if we really wanted a winning team, and sat down amid the whole-hearted applause of the student body. Dr. Keyport as Chairman of the School Board stressed the need of punctuality as necessary to successful living and made a fine speech in very few words. Mr. Bates, as Secretary of the Board was in reminiscent mood and told the audience of the many students of Grayling High who had made good in the world and suggested that these others should be an inspiration for the present student's determination to succeed.

All in all, this was one of the best School rallies ever held, and we predict a bigger and better Grayling High, and congratulate the community on the leadership of so efficient a leader as Supt. Burns.

## POTATO AND APPLE SHOW NOW ON

This week the Eighth Annual Top O' Michigan Potato and Apple Show is being held at Gaylord.

This is the leading potato and apple show in the country and all farmers and business men of the Top O' Michigan should be interested in its success.

We have arranged with the Show Association to furnish us with a complete account of the Show through a supplement to this newspaper next week. It will allow those not fortunate enough to attend to get a complete report of all activities at the Show.

Who can remember the good old days when it was regarded as rather devilish to read a novel by Bertha M. Clay?

## TO HAVE COUNTY TEACHERS' INSTITUTE

WEBSTER H. PEARCE, SUPT. OF PUBLIC INSTRUCTION IN GRAYLING NOV. 11TH

A telegram was received last week from Superintendent George N. Otwell giving Crawford county the opportunity of having a teachers' institute in Grayling on November 11th. Your commissioner has written Mr. Otwell, accepting the proposal.

In this movement I wish to ask the cooperation of everyone interested in the betterment of our school system.

Superintendent Pearce will reach Grayling at noon Tuesday and will give an address in the afternoon. Miss Ina Kelley and Mr. Charles A. Rinehart will also give addresses in the forenoon and afternoon. Superintendent Pearce also offers to give an address in the evening if we can furnish a good crowd. What do you think about it? Superintendent Pearce is one of the most pleasing educational speakers in the state, and I took the liberty for Crawford county to reply to Mr. Otwell that I thought there would be no difficulty in securing a good-sized audience for an evening address given by our superintendent. I expect in the near future to advise with Superintendent Burns of Grayling, thus making it possible to give full particulars in the next issue of the Crawford Avalanche.

JOHN W. PAYNE, Commissioner of Schools.

## THE UNPOPULAR PROPHET

(A Short Sermon)  
If there is anything that the Bible reveals, it is the popularity of false prophets, and the derisive manner in which the majority receive the messages of true prophets.

The unpopular prophet has, however, been God's messenger, and after the years have gone, his message has lived on. Indeed the Bible would be a sorry book were the messages of God's unpopular men left out of it.

In this connection, we have the public reaction to a message which the people ought to have heard and did not want to hear, stated in the Book of Amos. A false prophet, a popular, back-slapping prophet tries to play to the gallery by condemning the message of the man of God by saying—"The country cannot bear what he is saying!" (Amos 7: 10)

It may be that our great American need, our great world need in this hour is for ministers of God's Word to whose messages the public's reaction may be stated as of old—"The country cannot bear what he is saying!" In any case, may God save us from the curse of being popular ministers. Such prophets have never fared well when the records of men have been written.

By J. W. Greenwood.

The move to make America radio conscious has been successful. Now we know quite a few of our citizens who would like to make radio unconscious.

## THREATENS SHERIFF WITH SHOTGUN

GUY BILLINGS AND THEO. FITZPATRICK AWAIT TRIAL IN JAIL

Caught In Attempt To Rob Colored Couple's Home

Emmet Timmons and wife, both colored, had packed up their household belongings preparatory to moving to Saginaw, when, it is claimed, Guy Billings and Theodore Fitzpatrick broke in the screen door and entered the house, stealing their suitcases, grips, a Victrola and quantity of phonograph records.

They loaded them into their car and were about to leave when Mrs. Timmons returned and jumped onto the runningboard of the car and called for help. The men pushed her off and continued on their way.

John Anderson, a brother of Mrs. Timmons, who resided across the street from her, saw the affair and started in pursuit. Anderson says the men pulled a shotgun on him but he got away and notified Sheriff Bobenmoyer. The latter found the men and car parked near the Frank Goblet home on the South Side and the stolen goods still in the car.

When the sheriff arrived, Billings and Fitzpatrick each had shotguns but Billings took the load out of his gun when he saw the sheriff. Fitzpatrick was on the opposite side of the car with a loaded shotgun and he is reported to have invited the sheriff to come around. Sheriff Bobenmoyer isn't easily bluffed nor intimidated and it didn't take him long to disarm his assailant. Fitzpatrick, it is claimed, started in to fight and Bobenmoyer struck him with his revolver.

Both men were then put under arrest and put into Anderson's car. However before the sheriff got into the car both men jumped out and upon him, striking him several times with their fists. This only brot the men further trouble for they were felled by swift blows from the sheriff and were soon landed in jail.

They appeared before Justice H. Petersen Monday forenoon for hearing and each waived examination. They were bound over to circuit court for trial, bail being placed at \$1,000 each which they were unable to raise and are now in jail.

THURSDAY, OCTOBER 30, 1930

PROSPERITY is up for election, running to overthrow DEPRESSION.

It's for the people to decide which will be chosen. Every man and every woman is privileged to ballot—every day.

DEPRESSION has no rightful place with a hundred and twenty million people, exchanging goods and services—capable—accustomed and willing to work—more highly skilled than other peoples—leaders in efficiency and progressiveness—backed by the vast natural resources of the United States. When we make it possible for the man who works to have a job we make it possible for him to buy food for his family and so help all business, including that of the farmer.

The rest of the world is of small importance compared with that free market of 120,000,000 people—homogeneous—of like tastes, habits and aspirations—living under the same laws—free of trade barriers. Foreign trade may be troubled by tariffs and revolutions, but at their peak our exports represented only five and a half billions of dollars of gross business in a year out of a total American income of ninety billions.

Stagnation of circulation is what's the matter with agriculture and with business. Everyone can help to get that circulation moving again. Government can't make Prosperity—alone. Bankers and other business leaders can't make Prosperity—alone. It's the people, united in opinion and purpose and courage, who determine Prosperity. They can elect it—none other.

Ballot that will be validly counted for PROSPERITY are of many kinds. Some one of them every man and woman can cast. For example:

Help a deserving man or a woman to get a little paying work—or, better, a regular job. Spend wisely and not too timidly, and anticipate scheduled expenditures so far as is practicable. Turn the deaf ear to false, mischievous rumors; and don't repeat them, if you do hear them. Be willing to pay a fair price. Don't take advantage of the other man's necessity. Recognize that he has as good claim to a fair profit as you.

When a vampire that fattens on the miseries of others shows up, help to make him unpopular. Discourage calamity howlers. Keep business moving evenly, and remember that, to the average man, his job is his particular business. When possible, reassure him against his fear of losing it.

Save, but save wisely, not in fright. Invest for the profit that sound enterprise pays and for the added profit that will come after the hysteria of pessimism has passed.

## CARETAKERS HOSTS TO SUPERVISORS

While the Board of Supervisors were in session at their annual October meeting Mr. and Mrs. Bert Chapple, caretakers of the County Infirmary, were the hosts to the Board together with the other County Officers at a lovely appointed dinner. The menu consisted of:

Swiss Steak Roast Pork with dressing  
Mashed Potatoes  
Creamed Carrots and Peas  
Cabbage Salad Cranberry Sauce  
Angie Food Cake  
Marshmallow Salad  
Brown Cookies  
Mince Pie Coffee Pumpkin Pie  
Mr. and Mrs. Chapple have proven themselves efficient managers of this institution which was confirmed by a tour of inspection of the Infirmary and buildings. They are deserving of much credit.  
Mrs. Chapple was assisted by Mrs. Edward Moore.

## STATE TO TRADE LANDS WITH U. S. GOVERNMENT

Approximately 15,000 acres of land in the upper peninsula will be exchanged by the Department of Conservation with the United States Forest Service for lands desired by the state.

Approval of the exchange was given by the Conservation Commission at its regular October meeting.

The Federal Government will turn over to the state 15,250 acres scattered through the peninsula and principally in areas in which the Department is attempting to block up forest game refuge and other projects. A similar acreage having the same value will be decided by the state to the Federal Government.

The land is located in the area known as the Marquette Purchase and is in Chippewa County.

The lands to be traded to the Federal Government are cut over bearing timber of various kinds.

They are scattered through the counties in the upper peninsula.

## MUST HAVE PERMIT

A permit must be obtained by anyone carrying a rifle in an area frequented by deer at any time except the period November 15-30, despite the fact that seasons for small game are open in such areas from September through December.

This is the opinion of Hugh E. Green, chief conservation officer as expressed in a letter sent to all conservation officers in the state. Application forms for gun permits can be obtained from any conservation officer. The applicant returns the paper to the officer who sends it to the district officer and then to the Lansing office. The permit is mailed directly to the applicant. There is no charge or fee.

### A Profit-Sharing Method of Advertising

This sale has been developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you two full size packages of high quality merchandise for the price of one, plus one cent. It costs money to get new customers, but the sacrifice in profit is justified, because we know the goods will please you.

CHICAGO STOCK SHOW MARKS  
THANKSGIVING

Chicago's mammoth Thanksgiving season celebration, which for the past 31 years has been otherwise known as the International Live Stock Exposition, will soon be again in progress.

This year from November 29 to December 6, the big amphitheatre, adjoining buildings, and pens out at the Chicago Union Stock Yards will, according to the assured prediction of the management of the exposition, be more than ever crammed with the finest products of the farms of not only this continent but in some instances from the very most distant parts of the world.

New South Wales Sends Grain. Among the early entries sent to the International Grain and Hay Show this year were those of three wheat growers from New South Wales. These will be matched in competition with gains grown in practically every province of Canada and state in the Union where farming is of importance. The Grain and Hay Show, though a department of the International Live Stock Exposition, is in its size, scope, and importance a sizeable exposition in itself. Almost since its inception, when it was introduced eleven years ago into the ever enlarging International, it has been the foremost competitive display of field crops in the world.

According to B. H. Heide, secretary-manager of the exposition, the closing dates on making entry of exhibits in the various departments are November 1, for all livestock classes other than the carlots; November 10, for the Grain and Hay Show; and November 22 for carlots of cattle, sheep, and swine.

Big Horse Show Planned. The International Horse Show is being planned to provide the fullest of evening entertainments. The management predicts that the International arena will be the setting for the keenest competition between the finest specimens of the leading stables of the land that meet here each year for this close and climax of the horse show season.

MEDALS FOR BYRD EXPEDITION  
MEMBERS

Seventeen designs were submitted to the Navy Department in response to a request from the Bureau of Supplies and Accounts for original and appropriate design for medals to be presented to the officers and men of the Byrd Expedition, according to the Navy Recruiting Station, Detroit. Congress on May 23, 1930, authorized the Secretary of the Navy "to cause to be made at the United States Mint such number of gold, silver and bronze medals as he may deem appropriate and necessary to be presented to the officers and men of the Byrd expedition to express his high admiration in which Congress and the American people hold their heroic and undaunted services in the Antarctic Continent."

It seems to be a common opinion nowadays that what the world lacks is leaders—but how could you expect to develop many with humanity on a diet of spinach and fruit salad.

EVERYBODY'S HAPPY"

THE sales of New Red Crown Ethyl soar steadily. Its leadership is unquestioned. An engine fueled with this knockless gasoline fears no road or route. Smoothly—quickly it picks up speed. Smoothly—silently—it licks up the miles. That explains the amazing acceptance of New Red Crown Ethyl.

This super-volatile gasoline is making motoring pleasanter for more and more customers every day.

## REMOVED 56,859 NOXIOUS FISH

The Department of Conservation and those working under the direction of its officers or under contract with the state, removed 56,859 noxious fish from Michigan waters during the past season.

A report issued by the Fish Division of the Department today shows 56,859 of the various noxious species removed from inland waters. This number is more than twice the record for 1929 when 28,636 were removed.

More than half of the noxious fish removed were carp. The report shows 34,981 of this species removed during the past year as compared with 11,341 in the 1929 season. Other noxious species included in the report are dogfish, garfish, etc.

Noxious fish are removed from Michigan waters under three systems. Contracts with individuals who use seines and trammel nets. Departmental employees who use gill nets and seines. Sparing under the supervision of conservation officers.

The largest number of noxious fish were taken by those working under contract with the Department. Practically all of the carp were taken in this manner.

Parties organized and supervised by conservation officers took 3,805 noxious fish and departmental employees themselves removed 3,293 noxious fish according to the report.

## WAR ON DEER "SHINERS"

The Conservation Department's war on deer "shiners" has resulted in two more convictions. Vernon Sparks and Walter Ellis, Dickinson County, are serving terms of 30 days each in jail because they could not pay \$50 fines imposed on them when they were convicted of hunting deer with artificial lights.

Interesting Events In  
Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, October 31, 1907

Mrs. C. F. Kelley and daughter, Myrtle, of Frederic, left for their trip to California, Friday night.

Among the visitors in town Saturday were Mrs. John Malo and Miss Ethel Cook from Maple Forest.

Oh! such a good time as they had at the Gleaner hall in Maple Forest last Friday night.

The Constitutional Convention is now in session and the people will watch eagerly for results.

The Standard Oil Co. has raised twenty-five points on which it proposes to fight the payment of that \$29,240,000 penalty imposed on it by Judge Landis.

In the upper peninsula many lumbermen are going back to the first well known here, is visiting with his in the early days of lumbering in Michigan, were used extensively in hauling and skidding, are again being brought into requisition, and may again supply horses for that work.

A. E. Newman returned a few days ago from a job of surveying on Dickinson's Ranch.

Reports are to the effect that deer are very numerous in the upper peninsula this year.

Fred Nicholson came home Monday for a rest and visit. He seems to be enjoying his new home and business.

Partridges are reported very scarce this season, owing probably to the numerous forest fires during the nesting time.

According to the provisions of a law passed by the last legislature circuit court jurors will receive \$3 per day instead of \$2 as has been paid heretofore.

Nels Sorenson has bought a residence on the south side of the river and will reside here, having moved back from Houghton Lake where he has resided for the past seven years.

James Hartwick came up from Jackson for a short visit with old friends here. He is engaged in the manufacture of concrete machinery and doing well. He reports his father's health is declining.

Fred Culver of Saginaw, formerly well known here, is visiting with his in the early days of lumbering in Michigan, were used extensively in hauling and skidding, are again being brought into requisition, and may again supply horses for that work.

Married—At the residence of the bride's father in this village, Oct. 23, Miss Augusta Olson and A. W. Smith, Rev. A. C. Kildegaard officiating.

Leroy Jones and wife of Shiawassee county, are guests of Mr. and Mrs. A. H. Amos for the week. It is their first visit here, and they are so delighted with the place and especially with Portage Lake that they have

already secured a lot for a summer cottage there. Such corners are always welcome.

Daniel S. Waldron, ex-Judge of Probate of this county and one of our early pioneers, now manager of the New Russell Hotel, passed the 78th milestone of his life last Sunday.

A railroad smashup near the south semiphere in this village Monday was the result of carelessness which seems criminal. The steel gang had two rails out and sent out flagmen as usual but it is reported that the man who went south kept his flag rolled up under his arm, and the Cannon Ball came round the curve and down the steep grade past him, and were unable to stop their heavy train so that the engine, tender and seven cars loaded with merchandise were derailed and smashed up in great shape, one car tank of kerosene was broken so the oil was all lost. A track had to be laid around the wreck, delaying trains four or five hours. No one was seriously injured though several were severely shaken up.

Last Friday a lot of Italians at work with the R. R. steel gang near Horrigan, had trouble with their foreman and were given their time. They came to the village and filled up with booze enough to make them ugly, and one of them jumped onto an engine that was pulling out south. He was ordered off by engineer Pettit when they stopped at the switch, but as they were starting went to the fireman's side and swung up on the skip. Lester McPeak, the fireman, told him to get off and loosened his hand so he was obliged to let go. As they pulled out McPeak put his head out of the window but pulled it back quick as the fellow had pulled a gun and fired two shots after him, and as the engine backed around the curve onto the switch, he fired the remaining three shots at the engineer. No body hurt, but the Dago runs in jail, charged with assault with intent to commit the crime of murder.

# INSTRUCTION BALLOT

Crawford County, Mich.

ELECTION MONDAY,  
NOVEMBER 4, 1930

INSTRUCTIONS—To vote a straight party ticket make a cross (X) in the circle (O) under the name of your party. Nothing further need be done. To vote for a candidate not on your party ticket, make a cross (X) in the square (□) before the name. If two or more candidates are to be elected to the same office, and you desire to vote for candidates not on your party ticket, make a cross (X) in the square (□) before the names of the candidates for whom you desire to vote on the other ticket, and strike out an equal number of names on your party ticket, for that office. If you do not desire to vote any party ticket, do not make a (X) in the circle (O) at the head of any ticket, but make a (X) in the (□) before the name of each candidate for whom you desire to vote. If you wish to vote for a candidate not on any ticket, write or place the name of such candidate on your ticket, opposite the name of the office. Before leaving the booth fold the ballot so that the initials of the inspector may be seen on the outside.

## PIANO MEDLEY A FEATURE ON SHELL PROGRAM

On the "Sign of the Shell" program to be broadcast Saturday evening, November 1, from 7:30 to 8:00 central standard time over the NBC Red network, Art Kassel and his "Kassels in the Air" dance band will feature as the opening selection a fast-stepping piano medley with an orchestral background, and made up of "Dancing Tambourine," "Bag Doll," "Doll Dance" and the "Wedding of the Birds," four of the dance-tunes, most tuneful numbers that ever thrilled blase Broadway and the dance-loving world.

Another selection, "Hot Lips," a singing number described as "hotter than hot" and a favorite of youth and those with young ideas, will be played by trumpet and orchestra.

Ray Perkins, the "Old Topper," will regale radio listeners with a new line of chatter from his bag of wise cracks and funny songs.

Happy-go-lucky, carefree Wendell Hall, master of ceremonies of the Shell show will sing the O'Flynn-Hoffman hit, "Good Evenin'" in the latest Red Headed Music-maker style.

## BEAVER HELP IN FIGHTING FOREST FIRES

Beaver play an important part in the suppression of forest fires in Michigan, according to Harold Titus, chief of the Conservation Commission, and an authority on forest fire prevention and control.

Speaking before the Commission during the discussion of the beaver situation in the upper peninsula, Commissioner Titus said that beaver ponds often formed the only source of water in fighting forest fires. During the present season with a long drought, water was somewhat scarce in beaver ponds when needed both above and below the water level. The water formed in the ponds has also been useful as a fire retardant.

George Morris is re-elected by the voters of Crawford County, Michigan, for the term ending November 4, 1932.

## NAVY SHIP HOMEWARD BOUND

The silhouette of the U. S. S. Pittsburgh, flagship of the American Asiatic fleet for the past four years, no longer will be a landmark on the skyline of Shanghai's "Battleship Row" after next spring, when the vessel will be replaced by one of the new crack 10,000 ton cruisers, the U. S. S. Houston, according to the Navy Recruiting Station, Detroit. During the World War the Pittsburgh served as an army transport and after the war was flagship of the American Naval forces in European waters until 1925, when she was sent home and decommissioned. Later, after being overhauled she was recommissioned and in 1926 was sent to the Far East to replace the U. S. S. Huroh as flagship of the Asiatic fleet.

Anyhow we are willing to bet that the World Bank doesn't put Adolph Hitler's picture on the German reparations bonds.

**People are Like That**

It usually takes a jolt to make them realize what is going on around them; even the things that happen every day.

It wasn't until the 17th century that the law of gravitation was discovered. It might not have been discovered that soon if the great scientist, Sir Isaac Newton hadn't been hit on the head by a falling apple while he was lazily resting under an apple tree.

People are like that! They have to be struck by some good thing before they give it any serious thought.

A baby does not need shoes until  
walking time. Shoes put on before  
then, generally for appearance, do  
more harm than good. The first walk-  
ing shoes should have flexible but  
firm soles, unpolished, preferably  
slightly buffed, and broad enough to  
be a steady platform under each foot.  
Very soft shoes curl and make more

difficult the baby's task of learning  
balance. Stiff or boardlike soles are  
also to be avoided. The toes of the  
uppers should be full or puffy, not flat  
and cramping to the toes.  
One of the strange figures we would  
like to see lurking in the background  
is 250 for United States Steel.

**AN OPEN LETTER**

Mr. Andrew Hart,  
Register of Deeds,  
Grayling, Michigan.

Lansing, Mich.

Oct. 10, 1930

My dear Mr. Hart:—

Enclosed find my check for \$2.00 in payment of bill rendered  
which please receipt and return to me.

I was both surprised and disappointed when I learned from  
the Grayling Avalanche that you had failed of re-nomination  
in the recent primary election. I have had such long and in-  
timate business relations with you and it has been so satis-  
factory in every respect that I could not understand why you  
had lost out. A few days ago I had occasion to spend the night  
in Grayling and I asked a friend whom I met at the Shop-  
pensons Inn, "What was the cause of your defeat?" The  
answer surprised me as much as did the knowledge of your de-  
feat. He declared it was "because of the bad condition of the  
public records in your office."

I do not believe any one informed as to the matter could  
make such a statement. I told my friend of my own experi-  
ence. During the past two years I have been engaged in pro-  
curing abstracts and tax histories and preparing reports as to  
the condition of the title to more than 50,000 acres of land in  
the Southern Peninsula of Michigan. While doing this work I  
have spent at least six weeks at various county seats studying  
the records in the office of the Register of Deeds. I have pro-  
cured and studied nearly 400 abstracts of which over 100 ab-  
stracts were prepared in your office. I think I know the con-  
dition of records in Register of Deeds' offices in Northern  
Michigan much better than most people. For your satisfac-  
tion, Mr. Hart, I wish to state that in no office have I found  
the records more convenient for examination or more carefully  
executed, in no office have I received more courteous treat-  
ment, in no office has my business been attended to more prompt-  
ly than in the office of the Register of Deeds of Crawford  
County. This statement is especially true of conditions since  
you went into office. To me it seems absurd that you should  
be refused a re-nomination on the ground of lamentable con-  
ditions with respect to public records in your office.

One other condition I called to my friend's attention when  
discussing your defeat in the primary. I always found you  
in your office attending to business. I do not recall having  
ever visited your office and not finding you attending to busi-  
ness. I can, however, very distinctly recall that on several  
occasions when visiting the county seat of other counties on  
business I have had to hunt up the Register of Deeds and have  
him open up his office for my business. I sincerely believe it  
best both for the county and for persons having business with  
the Register of Deeds to continue you in office.

Very sincerely yours,

ORLANDO F. BARNES.
